AFFORDABLE & RELIABLE CARE YOU CAN COUNT ON

At Solution Experts Health Care, you can rely on affordable and dependable care through our Lead Caregiver Program. Our experienced caregivers have a completely open schedule and are ready to work, ensuring you have coverage if your scheduled caregiver calls out.

No minimum requirements for hours or days!

You only pay for the care you need, making our services highly affordable and customizable to fit your unique needs.

We offer all-inclusive prices with no hidden or add-on charges for individuals and accept private pay

BENEFITS OF HIRING AN AGENCY

SAFTY

At Solution Experts Health Care, we understand that hiring a caregiver on your own can be a safety risk, as you are essentially welcoming a stranger into your loved one's home. This can be a cause for concern as it is crucial to ensure that the person can be trusted. When you choose Solution Experts Health Care, you can have peace of mind knowing that we have conducted rigorous background screenings and verified the qualifications of all our caregivers, providing an extra layer of safety and security for your loved ones.

SIMPLICITY

Solution Experts Health Care simplifies the entire process of hiring caregivers, monitoring their performance, paying them, and ensuring they have the necessary insurance and licensing. We take care of everything so that you and your family can enjoy peace of mind

SAVINGS

At Solution Experts Health Care, we believe that in-home care offers many advantages over nursing homes or assisted living facilities. Not only is it safer and more comfortable for your loved one, but it is also a more cost-effective solution. A recent survey conducted for MetLife highlights the average rates for nursing home, assisted living, and private in-home care in the U.S., as shown on the previous panel. By choosing Solution Experts Health Care, you can provide high-quality care for your loved ones in the comfort of their own homes while also saving on costs.

DEPENDABLE AND CARING CAREGIVERS YOU CAN COUNT ON

We know that you want the person caring for your loved one to be reliable, compassionate, and well qualified. That is why our caregivers undergo in-depth screening and training:

- Minimum of 50 hours of professional training
- Arizona Direct Care Worker Trained
- CPR and First Aid Certification
- Identification and employment eligibility verification
- Arizona issued fingerprint clearance card
- Criminal background check
- Drug screening
- Tuberculosis (TB) testing
- Liability/Workers' Compensation insurance coverage

Solution Experts Health Care is fully licensed, bonded, and insured to give you peace of mind knowing that your family members are in good hands.
